

GRADE 8

EASTER BREAK STATE MATH TEST REVIEW ASSIGNMENT

I have listed pages from our text to assist in preparing for our 3 day State Test in early May. As you read the problem numbers to be completed, you will see pages with an asterisk (*). These pages are the ones you should look at to do the work using that topic. Very important pages are noted by a double asterisk (**).

If you have already completed some of these problems, please re-write answers and check your work to make sure it is correct. We will be reviewing this upon our return.

- Please do the following on pieces of looseleaf. Please **BOX** answers and clearly list the numbers of the problems answered.
- Staple these pages together and bring them in to school when we return.
- List topics or problems you still had difficulty completing after you looked at examples from the text.

Very important pages to review include the following: ** 223, 226 (#11), 285, 288, 298, 328, 372, 391, 411, 412
